

SEASON'S GREETINGS – AND A WARM WELCOME TO THE WORLD OF MONOCLE

Monocle offers a comprehensive briefing on global affairs, business,

culture and design.

Subscribers' copies are posted before the magazine hits newsstands so you'll be among the first to see our unique

mix of reportage, essays

and opinion from our

international network of editors, writers and

photographers.

A one-year print gift subscription to Monocle has been purchased for you by a special someone.

You will receive a welcome letter with your first issue containing more information about your subscription and details on how to set up your Monocle account.

We look forward to helping you keep an eye and an ear on the world.
